# Projects Funded Under the 2019-2020 CSL Grants Program

The Community Support Levy (CSL) is derived from the profits of electronic gaming machines in hotels and clubs and is held in trust by the Department of Treasury and Finance. CSL Charitable Organisations Grants Program grants are administered through the Gambling Support Program within the Department of Communities Tasmania.

Two categories of funding were available for the 2019-2020 CSL Grants Round:

- Small Equipment Grants of up to \$5 000 (ex-GST) to enable organisations to add value to their services through the purchase of small equipment such as furniture, IT equipment and tools
- Community Project Grants of up to \$18 000 (ex-GST) for improving the wellbeing of individuals, families and communities by enhancing organisations' capacity to provide services, leisure activities and/or inclusion opportunities within their community

For both grant categories, grant funding was only considered for equipment or community projects that enhance the wellbeing of vulnerable groups and communities.
