You don't often get email from **Out of Scope** [Learn why this is important](#)  
Hi James

I'm just following up on this email from yesterday.

I'm keen to resume receiving media alerts as soon as possible.

It would be appreciated if you could update me on this please.

With thanks

Bob

Hi James

I spoke to you briefly today at the Premier's media conference about not getting media alerts

I am still on the list for media releases but ceased getting alerts about a week or so ago

I have checked the spam folders etc and can't see anything there and have been opening releases/alerts

Could you add me back onto the list please?

With thanks

Bob

Hi Sarah

It seems that somehow I have been dropped off the government's email list for media alerts though I am still getting copies of media releases.

On checking it seems that the last time I one I got a media alert for the Rockliff Government's was February 1 --

I'm not sure what is going on at the gov't's end but this is the second time this has happened in a little over a year. About this time last year I was reinstated to the list but now I seem to have been dropped off again.

I'd like to get this sorted out this morning please so it would be appreciated if you could confirm that I'm back on the list.

I'm on **Out of Scope** if you need to discuss

With thanks
